Eigenschappen

Modern lidded bin in Combicolor design.
Dimensions: 600 x 400 x H 235 mm (including lid)

Combicolor lidded bins make “colour coding” possible: each application or department is assigned its own colour combination

The bin is black and the lid is orange

The lid is hinged and fitted with two snap-slide closures

The closures snap shut when the lid is closed. To open, the lid is unlocked by sliding the closures outwards

When open, the lid is removable (if designed without hinge reinforcements)

Lidded bins can be stacked with each other - with or without lid

Fully closed design - both walls and base

With closed handgrips - for optimal volume use and protection against dust etc.

The base is completely smooth and flat for easy cleaning

The lid has a particularly striking colour that contrasts with the bin

Widely used in applications where distinction is important

Food-safe and hygienically designed

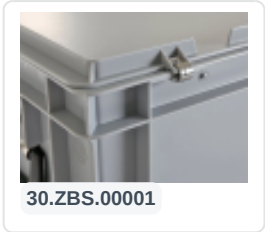

Options: printing - hinge reinforcements - foam sheet in the lid

Omschrijving

Black stacking bin with lid with an orange hinged lid in Euro norm format 600 x 400 mm. The hinged lid is equipped with two snap-slide closures. The container is completely closed, including the handles. This allows for full utilization of the contents. The lidded container is made of food-grade plastic. Thanks to its practical Euro norm dimensions, this lidded container fits perfectly on other Euro containers, as well as on standardized pallets, roll containers, and mobile bases.
