External dimensions: 600 mm x 400 mm x 416 mm.

Usable volume: 69 liters.

Made from polypropylene (PP).

Temperature range: -20 °C to 40 °C.

Omschrijving

The Integra NG 600x400x416mm distribution bin is designed to transport products safely and cleanly. Ideal for non-food industries, e-commerce, and retail applications. The bin features an interlocking lid to prevent loss and a nestable design to save space during return transport. Additionally, the distribution bin is automation-friendly with a smooth flat base suitable for conveyor belts.
