

# Fish box 40 kg - without drain holes

## Product specificaties

|                                 |                                     |
|---------------------------------|-------------------------------------|
| External dimensions (L x W x H) | 800 × 450 × 270 mm                  |
| Internal dimensions (L x W x H) | 645 × 400 × 260 mm                  |
| Capacity                        | 60 liter                            |
| Handles                         | Open                                |
| Sidewalls                       | Closed                              |
| Material                        | HDPE                                |
| Article number                  | 81701310                            |
| Weight (kg)                     | 3,7 kg                              |
| Temperature range               | -30°C to +40°C, briefly up to +90°C |
| Color                           | Blue                                |
| Bottom                          | Sloped base without drain holes     |

## Eigenschappen

Fish boxes are stackable and nestable

With arrow marking as visual aid to stacking and nesting

With sloping base construction

Up to 65% of space is saved by the fish boxes' nesting principle

## Omschrijving

This robust fish crate has a capacity of 40 litres and measures 800 x 450 x H 270 mm. The crate is carefully designed without drainage holes, making it the ideal solution for the safe storage and transportation of various types of fish and seafood. The fish crate is both stackable and nestable. When nested, it provides up to 65% space savings, helping to reduce storage and transport costs. Its durable construction makes the crate suitable for a wide range of applications, from fish wholesalers to fresh fish distribution. With its generous dimensions, the crate offers ample space and protection for products while eliminating the risk of leakage or spillage. In addition, the crate can be stacked efficiently and stored compactly, maximizing valuable space in storage and logistics environments.
