# Omschrijving

Robust plastic insert bin type SMART (181 x 131 x H 101 mm) for **400 x 300 mm** Euronorm stacking bins. **1/4 lengthwise format**, allowing 4 insert bins to be used per stacking bin. It can of course also be combined with other formats (1/8 and 1/2). In addition, dividers can be placed in the insert bin.

## Application

The insert bins are removable and **stackable and nestable** with each other. When nested, 50% volume is saved. The insert bins are suitable for use in Euronorm stacking bins 400 x 300 mm, from a bin height of 120 mm. This takes into account that stacking bins nest slightly into each other.

## Cases

The insert bins are also used in plastic **cases 400 x 300 x H 133 mm**. These cases are carried vertically. For this, a lockable lid with an integrated **foam sheet** must be fitted to seal off the insert bins.
