# Stacking bin - 600 x 400 x H 280 mm - closed handgrips - reinforced base - yellow

## Product specificaties

|                                  |                                     |
|----------------------------------|-------------------------------------|
| External dimensions ( L x W x H) | 600 × 400 × 280 mm                  |
| Internal dimensions (L x W x H)  | 552 × 352 × 265 mm                  |
| Max. stacking load (kg)          | 250 kg                              |
| Capacity                         | 55 liter                            |
| Handles                          | Closed                              |
| Sidewalls                        | Closed                              |
| Material                         | PPC                                 |
| Article number                   | 30.628.RDH.2                        |
| Weight (kg)                      | 2,41 kg                             |
| Temperature range                | -20°C to +50°C, briefly up to +90°C |
| Color                            | Yellow                              |
| Bottom                           | Closed, extra reinforced            |
| Colorcode                        | PMS 106 C                           |
| Load capacity (kg)               | 35                                  |
| Quantity per pallet              | 32                                  |
| Stacking height (mm)             | 268                                 |

## Eigenschappen

Modern stacking bin from the **SOLID LINE** series.  
Dimensions: 600 x 400 x H 280 mm

For a wide range of applications: industrial and craft use, as well as hospitality, catering and logistics

Fully closed design - both walls and base

With closed handgrips - for optimal volume use and protection against dust etc.

With a reinforced base

The stacking bin is suitable for fitting hinged lids, optionally with snap closure

Food-safe and hygienically designed

Options: printing - hinged lids - coversheets

## Omschrijving

Plastic stacking bin in Euronorm format (600 x 400 x H 280 mm - 55 liter). Designed in yellow and part of our SOLID LINE - a product line that is used in a very wide range of applications. Users include industrial and craft businesses, as well as the hospitality, catering and logistics sectors.

Due to its standardised dimensions (600 x 400 mm), the stacking bin can be stacked with all other Euronorm stacking bins and is perfectly compatible with standardised pallets, mobile plastic trolleys or roll containers.

The stacking bin is food-safe, has a hygienic design and is fitted with two closed handgrips - for optimal use of the bin's volume and to protect the contents as effectively as possible against external influences. Designed with a reinforced base (underside).

The stacking bin is also suitable for fitting hinged lids, optionally with snap closure. The lids are available in various colours. This allows different applications to be identified. We call this "colour coding".

Everything for optimal logistics.
