

Stacking bin with lid - 400 x 300 x H 133 mm - smooth base - black

Product specificaties

External dimensions (L x W x H)	400 × 300 × 133 mm
Internal dimensions (L x W x H)	357 × 256 × 115 mm
Max. stacking load (kg)	150 kg
Capacity	11 liter
Handles	Closed
Sidewalls	Closed
Material	PPC
Article number	30.412.DB.10
Weight (kg)	1,12 kg
Temperature range	-20°C to +50°C, briefly up to +90°C
Color	Black
Bottom	Closed, smooth
European Article Number	7424907465473
Load capacity (kg)	10
Quantity per pallet	152
Stacking height (mm)	125

Eigenschappen

Modern stacking bin with hinged lid from the **BLACK LINE**. Dimensions 400 x 300 x H 133 mm (including lid)

The lid is hinged and fitted with two snap-slide closures

The closures snap shut when the lid is closed. To open, the lid is unlocked by sliding the closures outwards

When opened horizontally, the lid is removable (if designed without hinge reinforcements)

The lidded bins can be stacked with each other, as well as with other Euronorm bins - with or without a lid

Fully closed design - both the walls and the base

With closed handgrips - for optimal volume utilisation and protection against dust etc.

The base is completely smooth and flat for easy cleaning

Frequently used for applications where an exclusive appearance is required

Food-safe and hygienically designed

Options: printing - hinged lids in another colour - hinge reinforcements - foam sheet in the lid

Omschrijving

Lidded bin from the BLACK LINE

Plastic stacking bin with hinged lid and two snap-slide closures; in **Euronorm format** (400 x 300 x H 133 mm - 11 liter). Finished in **black** and part of our **BLACK LINE**.

Application

The BLACK LINE is a product range of **premium products** that are mainly used in applications where **an exclusive appearance** is required. Catering, event catering and airport catering are good examples of this. This product range is also used for the sale and delivery of exclusive meat and fish products. The BLACK LINE series is also highly suitable for use as a promotional gift. The lidded bins in **case version** in particular are often used as **outer packaging for promotional gifts**, with contents that can vary widely. For small parts, additional **insert bins** are often used in combination with a **foam sheet** in the lid - so that the contents remain neatly separated. The BLACK LINE series is very extensive and includes not only stacking bins, but also black plastic mobile trolleys and roll containers; the range is also regularly expanded.

Product details

Thanks to the **standardised dimensions** (400 x 300 mm), the lidded bin is **stackable with all other Euronorm stacking bins** and **perfectly compatible** with standardised pallets and mobile plastic trolleys or roll containers.

The lidded bin is food-safe, has a **hygienic design** and is fitted with two **closed handgrips** for optimal volume utilisation and to optimally protect the contents from external influences. Designed with a smooth, **easy-to-clean base** underside.
