Eigenschappen

Modern stacking bin with hinged lid from the **SOLID LINE**. Dimensions 400 x 300 x H 133 mm (including lid)

The closures snap shut when the lid is closed. To open, the lid is unlocked by sliding the closures outwards

When opened horizontally, the lid is removable (if designed without hinge reinforcements)

The lidded bins can be stacked with each other, as well as with other Euronorm bins - with or without a lid

Fully closed design - both the walls and the base

With closed handgrips - for optimal volume utilisation and protection against dust etc.

The base is completely smooth and flat for easy cleaning

Food-safe and hygienically designed

Options: printing - hinged lids in another colour (for colour coding) - hinge reinforcements - foam sheet in the lid

Omschrijving

Lidded bin from the **SOLID LINE**

Plastic stacking bin with hinged lid and two snap-slide closures; in Euronorm format (400 x 300 x H 133 mm - 11 liter). Finished in **yellow** and part of our **SOLID LINE**.

Application

These bins from the **SOLID LINE** series are highly suitable for use as promotional gifts. The lidded bins in **case version** in particular are often used as **outer packaging for promotional gifts**, with contents that can vary widely. For small parts, additional **insert bins** are often used in combination with a **foam sheet** in the lid - so that the contents remain neatly separated.

Product details

Thanks to the **standardised dimensions** (400 x 300 mm), the lidded bin is **stackable with all other Euronorm stacking bins** and **perfectly compatible** with standardised pallets and mobile plastic trolleys or roll containers.

The lidded bin is food-safe, has a **hygienic design** and is fitted with two **closed handgrips** for optimal volume utilisation and to optimally protect the contents from external influences. Designed with a smooth, **easy-to-clean base** underside.
