Funnel base pallet box SB3 DUO - 1200 x 1000 mm - 900 liter - with 120 mm slide gate - on 2 runners and 1 foot - rim-stackable - grey

Product specifications

External dimensions (L x W x H)	1200 × 1000 × 1195 mm
Internal dimensions (L x W x H)	1110 × 910 × 995 mm
Capacity	900 liter
Sidewalls	Closed, with smooth inner walls.
Material	HDPE
Article number	81941811.DUO-H1195.BD120
Weight (kg)	70 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Grey
Bottom	Closed and reinforced, with a central bottom outlet.
Max. load capacity per box	700 kg
Max. static stacking load	4000 kg
Max. dynamic stacking load	1200 kg
Quantity per pallet	2

Eigenschaften

Plastic pallet box with hopper base on pallet skids - made entirely from plastic

Type: Based on two SB3 pallet boxes - 1200 x 1000 x H 1195 mm - 2 skids and 1 foot - grey

Load capacity: 700 kg

Capacity: 900 liter

Material: PE plastic (polyethylene) - corrosion-free and durable

Base: Tapered hopper base

Angle: The sloping base with a 35° incline promotes easy emptying without tilting

Opening: Central opening of 120 x 120 mm (optionally 140 x 140 mm or 240 x 240 mm)

Slide valve: Manually operated from the short side for controlled release of the contents

Application: Ideal for dry bulk goods such as granulates, seeds, grain, dry animal feed, pellets and other small components

Design: Smooth, hopper-shaped interior to promote easy product flow

Stacking: Stable stacking using the Euro stacking system, i.e. rim-stackable and therefore compatible with most other pallet box types

Stability: Very robust pallet box made in one piece, i.e. including the pallet skids - welded 2-high

Welding: Welded on the inside and outside

Impact protection: Fitted all around with a strong rib structure above the entry openings to prevent impact damage

Food safety: Suitable for direct contact with food

Cleaning: Thanks to the smooth design, the box is easy to clean. The plastic used is resistant to most cleaning agents and chemicals

Limitations: Not suitable for liquids and moist products. Less suitable for powders (test beforehand)

Other height dimensions: This SB3 hopper box in DUO format is available with an overall height from 1195 up to max. 1285 mm. This version is welded all around on the inside; on the outside only at the four corners

Options: Lid - RFID code - QR code or barcode - box in alternative colours: blue, yellow, green, red and black - central outlet opening 140 x 140 mm or 240 x 240 mm

Omschrijving

The **SB3 DUO pallet box with hopper base** has dimensions of **1200 x 1000 x H 1195 mm** and a capacity of 900 liter. The box consists of two SB3 pallet boxes that are seamlessly welded together. This large-format plastic pallet box features a **120 x 120 mm outlet** on the underside, centrally positioned in the base. This opening can be closed manually with a **slide valve**, operated from the **short side** of the box.

The inside of the SB3 DUO box is smooth and **hopper-shaped at the bottom** with a 35-degree slope, allowing the contents to flow out easily when the slide valve is opened. This eliminates the need to tilt or tip the box. Ideal for dosing dry bulk goods such as seeds, grain and dry animal feed, as well as granulates, wood pellets and small components. The pallet box and the entire internal structure are made from **food-safe** plastic, making direct contact with food no problem.
